

Riverstone Resources and Eco Medi Glove

Environmental Policy

shall take necessary, suitable, practical measures and commit:

- To protect the environment, including the prevention of water, air, soil and noise pollution. Our efforts in preserving natural resources come from our manufacturing activities.
- Provide training and supervision in a way to ensure environmental awareness to employees, contractors, visitors and other stakeholders in the workplace.
- To comply with all applicable laws, regulations and other requirements.
- To encourage the participation of employees and their representatives to take part in pollution prevention activities and programs.
- To provide all the necessary resources for the implementation of the program by means of the continuous improvement of the environment in the workplace.
